Report from Vice Chair – Beth Nevel

The Bethel Journal had an article on the LTRC homebuilding project in Franklin Township. Copies of the article were distributed (Publication Date: 3/14/13)

Since we had a few new faces at the meeting, the group was reminded of the confidentiality agreement that all sign. The LTRC will not release names and addresses of any a case that the LTRC may assist.

Report from Secretary – Pam Broughton

We are still working on the next edition of the newsletter. We would like to recognize the contribution of the individuals and organizations that have participated in the long term recovery effort. Each organization was asked to gather data on what their individual organization contributed to the effort. Please send this information to Pam Broughton at pbroughton@clermontcountyohio.gov.

We have the Thank You Postcards. If you have individuals or groups that need to be thanked, please send Lisa Davis the names and addresses.

Financial Report

We received a donation of \$2,500.00 from the West Ohio Conference of the United Methodist Church. The LTRC paid the \$50.00 membership fee for the Ohio Volunteer Organizations Active in Disaster (VOAD).

Current Balance: \$18,153.83

Beth made a motion to authorize the Treasurer (Kathy Coulson) to issue a check for payment of services with only one signature. The LTRC approved the motion.

Spiritual and Emotional Care

Catholic Charities will be hosting a program on dealing with life after the disaster. The program has been rescheduled for Wednesday, May 15th at the River Valley Community Center.
